

**W**e think church should be the most vibrant, fulfilling place on earth!  
Church is not a building...it's a celebrating community...a people who  
see the beauty and wonder of the purposes of God coming to life in  
each heart. Sometimes they surprise us...with both joy and wonder.

Who is this person? Who is this soul yearning to know and be known?  
Instinctively we sense they are destined for something great and they remind  
us of the dreams we too carry in our heart.

Most simply stated, faith is a walk with the One who knows us and  
loves us like no other, and calls us to that great adventure for which we  
were created.

And sometimes something special happens. Those adventures  
gather into a community....a community of faith like Hope Christian  
Church...where dreams are respected and nurtured, and where each  
person is a living treasure....a treasure just now coming to life!
